Berlingo Petrol & Diesel Versions

These vehicles will be fitted with a mesh bulkhead. This will result in a slightly steeper backrest angle for the row 2 seats as compared with ë-Berlingo passenger vehicle (18° vs 23°).

They will be subject to lower speed limits on certain roads (primarily non-residential single carriageways and dual carriageways). Like LCVs, this vehicle will be subject to a speed limit of 50 mph on non-residential single carriageways (60mph for cars), and 60 mph on dual carriageways & motorways (70mph for cars)

The vehicle will show as an LCV on the V5 registration document. Customers may also be required to pay LCV toll road charges (where applicable) for example

All information and prices correct at time of publication, but they are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specification brochures or contact your local Citroën dealer for the most up-to-date prices and specification details for all models.
