# EASY ELECTRIC LIFE

## 199 MILE WLTP RANGE

The **83 kW/113 hp electric motor** New ë-C3 delivers more than enough performance to deal with everyday driving, particularly in urban areas. The **44kWh LFP battery** offers up to 199 miles of range (WLTP).

## FROM 20% TO 80% IN 26 MINS

**26 minutes to charge from 20 to 80% battery with a 100kW DC rapid charger. No need to wait around!**

## E-ROUTES BEST TRIP PLANNER

Trips are optimised with e-Routes through the MyCitroen App which guides drivers in real time, adapting to traffic, electric vehicle range and availability of charging stations along the trip.

Free2Move Charge and Octopus Energy offers a full range of charging solutions and helps you with the installation.

[MORE INFO](#)

**1**

#### **CONVENIENCE**

Recharging from home is both practical and safe.

**2**

#### **SAVE MONEY**

Benefit from the same rates as your household electricity. Enjoy cheaper charging overnight with off-peak rates.

**3**

#### **CHARGING SPEED**

Provides more power than a conventional household socket, so you can charge your electric vehicle in no time!

# RECHARGING YOUR ë-C3 EASY TO DO AT HOME

Your New ë-C3 comes with a 7.4 kW single phase charger on-board that can be used with a home wall box or public charging point. The charging time varies depending on the cable, the charging point and the vehicle's on-board charger.

## STANDARD CHARGING

Single phase  
7.4 kW

**MODE 3**  
Cable

With the standard  
7,4 kW on-board  
charger

**0 to 100% in  
7h10**

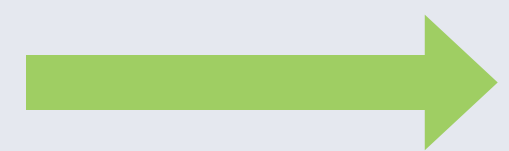

3-phase  
11 kW

**MODE 3**  
Cable

With the 11 kW  
on-board charger  
**(optional extra)**

**0 to 100% in  
4h50**

## RAPID CHARGING

Charge from 20 to 80% in just 26 minutes using  
a 100kW DC rapid charger.

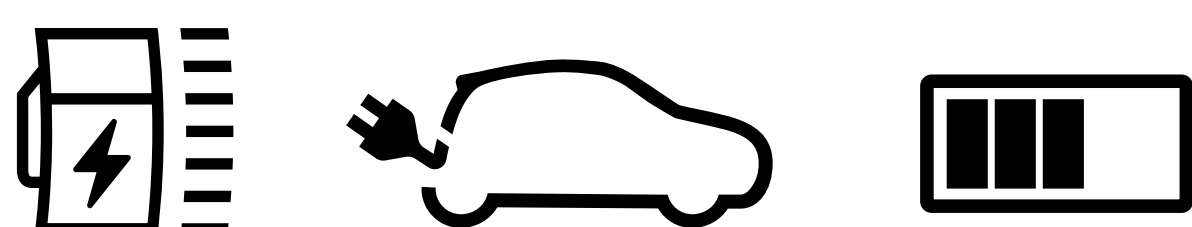

# CHARGING ON THE GO

Find charging stations via the MyCitroen App or the Octopus Electroverse app.

Manage your charging remotely and easily charge your car, thanks to 600,000 charging stations across the UK & Europe.

## CHARGE UP AND CRUISE THE MILES

### RAPID CHARGING STATIONS

The number of rapid charging stations is growing. In just a 26 minutes minutes, u can charge from 20 to 80% battery with a 100kW DC charger. Perfect for charging en-route during your daily journeys or road-trips.

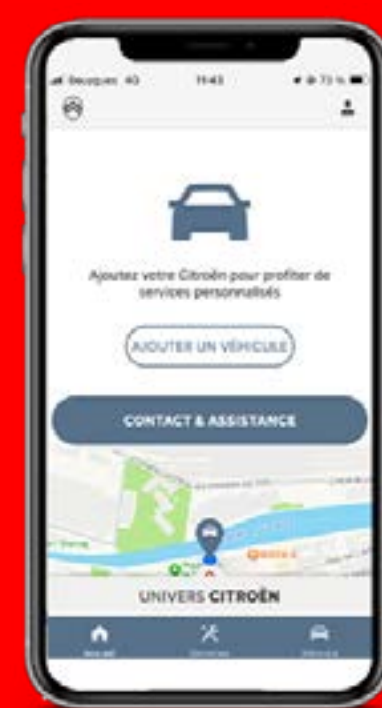

## EASY TO USE

### MYCITROËN APP YOUR BEST COMPANION

- Pre-heat or pre-cool your electric car
- Manage charging schedules
- Monitor charge status
- Show vehicle location
- Manage your car maintenance and book an appointment in a Citroën workshop

# EASY MAINTENANCE

For ultimate peace of mind, discover Citroën FlexCare to find the service plan to suit you and your New ë-C3.

Browse a range of service plans, each with their own benefits.

[DISCOVER FLEXCARE SERVICE PLANS](#)

## TELEMAINTENANCE

With the Telemaintenance service, you will receive an alert by email or the MyCitroën app in the event of:

- Alerts on your dashboard
- When your vehicle is due a service
- Warnings detected coming from the following equipment categories:
  - Vehicle maintenance system
  - Security systems (such as the airbags)
  - Driving aid system (such as ESP)
  - Power train (including the engine)
  - Brake system (such as ABS)
  - Fluid levels (such as the oil level)

In the event of these alerts, contact your local Citroën retailer or make an appointment online.

Beforehand, you need to have activated your Connect One service in MyCitroën (free for 10 years).
